

USD #386 iPad Apps

All Grade Levels	
	Paper by 53 is a great app for visual journaling, the app comes with a fountain pen, eraser and a color pallet with 28 colors. You can create multiple journals inside the program, with each having an unlimited amount of pages. You can also email your art from this app.
	Brain Pop and Brain Pop Jr.: Lots of videos on a variety of subject areas.
	Level Finder: This app allows you to look up the AR™ level of over 126,000 books on the go. This is almost every English AR™ book title currently available!
	Dropbox lets you bring all your photos, docs, and videos anywhere and share them easily. Access any file you save to your Dropbox from all your computers, iPhone, iPad and even the Dropbox website!
	Sock Puppets lets you create your own lip-synched videos and share them on Facebook and YouTube. Add Puppets, props, scenery, and backgrounds and start creating. Hit the record button and the puppets automatically lip-synch to your voice.
	iDiary For Kids is a powerful journaling app for children. It enables them to write creative personal journal entries, upload photos and draw pictures.
	Rocket Math: All types of math practice!
	Science 360: The National Science Foundation's (NSF) Science360 for iPad provides easy access to engaging science and engineering images and video from around the globe and a news feed featuring breaking news from NSF-funded institutions.
	Leaf Snap: This is the first in a series of electronic field guides being developed by researchers from Columbia University, the University of Maryland, and the Smithsonian Institution. This free mobile app uses visual recognition software to help identify tree species from photographs of their leaves.
	Spelling City is a fun way to learn spelling and vocabulary words by playing engaging learning games using any word list. The most popular activities are a spelling test, HangMouse, and the vocabulary games. The most popular lists are Sound Alike Words, Compound Words, the Hunger Games, and SAT Vocabulary.
	Doodle Buddy Gold is the most fun you can have with your finger! Finger paint with your favorite colors and drop in playful stamps. Connect with a friend to draw together over the Internet.
	iMovie: The fast and fun moviemaking app that puts everything you need to tell your story at your fingertips. Browse and play projects in the Marquee view. Create Hollywood-style trailers or sophisticated home movies in minutes.* And share your finished projects with the world – right from iMovie.
	Scribble Press for iPad is a book creation platform that allows kids to create and share their own stories with hundreds of great drawing and writing tools. Download your books instantly to your iBooks library.

	Best Books for Tweens: Whether you're reading for school or for pleasure, you can use this app to find new books and build a custom reading list.
	Story Lines: Learn new vocabulary and language concepts that are grade-appropriate, and spark your creativity in a safe, enjoyable manner.
	Google Earth: Fly around the planet with a swipe of your finger with Google Earth for iPhone, iPad, and iPod touch. Explore distant lands or reacquaint yourself with your childhood home. Search for cities, places, and businesses. Browse layers including roads, borders, places, photos and more.
	DMD Panorama: A 360° shot in about 20 seconds!

For Staff	
	Educreations turns your iPad into a recordable whiteboard. Creating a great video tutorial is as simple as touching, tapping and talking. Explain a math formula... Create an animated lesson... Add commentary to your photos... Diagram a sports play...
	With Appsfire you can see what apps are free today!
	Common Core: A great reference for students, parents, and teachers to easily read and understand the core standards.
	Planbook: This is a lesson-planning app for educators. Enter the courses you teach and the type of schedule you use and you'll be planning in no time at all.
	Kindle: This app gives users the ability to read Kindle books, newspapers, magazines, textbooks and PDFs on a beautiful, easy-to-use interface. A great idea for staff development!
	Google Drive: Safely keep all your stuff in one place and then access it from any device, anywhere. Store documents, pictures, or other files - even the big ones - using Google Drive and easily share them with anyone.
